Brindley Lift Truck Services Quarterly Newsletter

New Truck Alert

It's amazing how a new truck brings everyone into the workshop! We took delivery of this new JLG scissor lift in June for a customer and all of us were really impressed with the build quality. With a 10m lift height, there weren't many takers to test it out!

New Team Sponsor

We're pleased to announce that we are now sponsoring our local ladies softball cricket team, the Sapcote Ladies. They were founded last year as a way for local ladies to socialise and have fun whilst playing sport. Last week was their first official game, which they tied at 290 each, a great result for them.

FYI...

We're members of the UKMHA (UK Material Handling Association). A not-for-profit organisation which represents all aspects of the UK's material handling industry.

Inside BLTS

Did you know that we have our very own paint bay in our workshop? This is where the magic happens and trucks can be transformed. We love a good before and after shot!

Industry Update

We feature in the latest edition of Uplift, the monthly magazine published by the UKMHA. This year celebrates 20 years of the CFTS Thorough Examination scheme, something we were involved in from the start. Brindley Lift Truck Services was the very first company to join the CFTS scheme and when you receive a copy of your Thorough Examination certificate you'll see that our CFTS member number is 001.

Visit www.ukmha.org.uk to see more information on becoming a member to have access to a network of companies within the industry and to stay up to date with the latest developments and any legislative changes. As a member you'll also receive your free copy of Uplift.

Next Issue...

Our Autumn Issue will be out in October, when we'll be bringing you our latest news and focusing on making sure your truck is winter ready.
